Many people may face various challenges when it comes to following a regimented diet. The intake of different food groups in moderation, or the essential intake of nutrients, is important and has a major impact on how a person's body will function. Problems that may arise due to an unbalanced diet may influence a person's mental and physical wellbeing.

Consider the following statement:

Everybody can follow the same diet.

Using the source material provided as well as your own knowledge, discuss your opinion on the above statement in the form of a 2½ -3 page essay.

To answer this question, you are expected to:

- read the source material carefully and present a debated argument to illustrate your point of view.
- select relevant information from Sources A to J.
- do not attempt to use all the detail provided.
- it is important to integrate your own relevant biological knowledge.
- take a definite stand on the question and arrange the information to best develop your argument.
- write in a way that is scientifically appropriate and communicates your point of view clearly.
- **provide** a clear plan of your essay before you start writing. Note that the plan will be marked as part of the assessment of this question.
